Ajay Naidu

Text Shahnaz Siganpora

Shakespearean drama or TV-comedy, the blink-and-miss taxi guy, mailman, perfume expert, or the drug dealing protagonist who is desperate to keep his life together. Acting and performing while a huge part of his artistic vocabulary is not the only thing – drawing, writing, rapping his heart out, creating cinema and dancing his way through contemporary and break, are all part of this artists' oeuvre. Ajay Naidu is a complete celebration of the polymorphous, be it through medium, expression or thought.
